EDUCATION

2023 — **B.Sc in Computer Science**
- Taliparamba Arts and Science College
- Kannur University

2020 — **PUC - Science**
- GHSS Kottila
- State Council of Educational Research and Training

2018 — **Matriculation**
- St. Joseph High School Pushpagiri
- State Council of Educational Research and Training

CERTIFICATIONS

DATA SCIENCE & AI
- WINSTUD ACADEMY, CB Tech, Cochin
  (July 2023 – Dec 2023)

PROJECTS

IBM HR ANALYTICS EMPLOYEE ATTRITION MODELING
- Attrition is a major risk to service-providing organizations where trained and experienced people are the assets of the company. The organization would like to identify the factors which influence the attrition of employees.

UBER FARE PREDICTION
- Design an algorithm that will tell the fare to be charged for a passenger
- A fare calculator helps a customer in identifying the fare valid for the trip. They are often used by passengers who are new to a city or tourists to get an estimate of the travel costs.

AMAZON.COM-EMPLOYEE ACCESS
- Design an algorithm to accurately predict the access status to certain resources of employees.

SMART SHOPPING APP WITH ADVANCED QR CODE TECHNIQUES
- The target of this software is for buying the products based upon the customer needs
- This website do have a platform for online stitching and also have an environment for buying and can also purchase different types of products based on the need of the customer.
- It provides various details about the products available in different shops.
